Hello Chief, Dave Mowat

On behalf of the Regional Municipality of York (Region), please see the attached letter and Notice of Commencement. The Region is initiating Schedule C Municipal Class Environmental Assessment studies for Warden Avenue and Kennedy Road between Major Mackenzie Drive and Elgin Mills Road in the City of Markham. These studies will build upon the recommendations from the approved 2016 York Region Transportation Master Plan.

A key component of the study is engagement with Indigenous communities, the public and agencies. Please advise the Project Team of your interest in this study by responding to this letter with any comments and/or concerns regarding the proposed project specifically any initial comments and feedback related to the study that should be considered, contact information for your representative who will participate and the preferred method of communication, or if your community would prefer to be removed from the project contact list as your community/organization does not have comments or concerns to provide.

Information about this Study can be found at york.ca/WardenKennedyStudy.

To provide comment or request additional information, please contact:

**Re: Municipal Class Environmental Assessment Study
Improvements to Warden Avenue and Kennedy Road
Major Mackenzie Drive to Elgin Mills Road
City of Markham
York Region File: T02 83993 (EA)
Burnside Project No.: 052314**

The Regional Municipality of York (the Region) is initiating Schedule 'C' Municipal Class Environmental Assessment (Class EA) Studies in November 2021 for improvements to Warden Avenue and Kennedy Road between Major Mackenzie Drive and Elgin Mills Road, in the City of Markham.

York Region has retained R.J. Burnside & Associates Limited (Burnside) to undertake this Class EA. This letter includes information about the study and details about how you can get involved in the process.

This study is being conducted in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Engineer Association's Class EA document (October 2000, as amended in 2007, 2011 and 2015) which is an approved process under the Ontario *Environmental Assessment Act*.

The Class EA Study will:

- Build on the recommendations from the approved 2016 York Region Transportation Master Plan
- Examine how to complete the identified infrastructure and active transportation improvements and to mitigate environmental impacts
- Collect and assess input and feedback from residents and interested stakeholders

A key component of the study is engagement with Indigenous communities, the public and agencies. Please advise the Project Team of your interest in this study by responding to this letter with any comments and/or concerns regarding the proposed project. Specifically, the Region is seeking the following input:

- Initial comments and feedback related to the study that should be considered as the study progresses
- Contact information of the representative from your community/organization who will participate and the preferred method of communication
- If you would prefer to be removed from the project contact list as your community/organization does not have comments or concerns to provide.

Please be advised that in association with this letter to your community/organization, we have issued similar letters to the following Indigenous communities/organizations:

- Williams Treaties Communities with a copy to the Williams Treaties Coordinator Karry Sandy McKenzie
- Chippewas of Georgina Island First Nation
- Chippewas of Rama First Nation (Mnjikaning)
- Beausoleil First Nation
- Curve Lake First Nation
- Mississaugas of Scugog Island First Nation
- Hiawatha First Nation
- Alderville First Nation
- Mississaugas of the Credit First Nation
- Huron-Wendat Nation

Input and comments received from Indigenous communities/organizations, the public, and agencies will be incorporated into the planning and design process of this project.

Should you wish to submit feedback or receive more information throughout the course of the study, please contact:

Edward Chiu, P. Eng., Senior Project Manager
Phone: 1-877-464-9675 Ext. 75908
Email: edward.chiu@york.ca

We look forward to working with you throughout this study.

NOTICE OF STUDY COMMENCEMENT

Municipal Class Environmental Assessment Study

Warden Avenue and Kennedy Road Major Mackenzie Drive to Elgin Mills Road

in the City of Markham

The Regional Municipality of York is initiating Schedule 'C' Municipal Class Environmental Assessment (Class EA) Studies for improvements to Warden Avenue and Kennedy Road between Major Mackenzie Drive and Elgin Mills Road in the City of Markham. These studies will build on the recommendations from the approved 2016 York Region Transportation Master Plan.

Through the EA studies, York Region examines how to complete the identified infrastructure and active transportation improvements, and to mitigate any environmental impacts.

Information about open houses will be published in this newspaper and posted on york.ca/WardenKennedyStudy and York Region's Facebook and Twitter channels.

Public consultation is an important part of the EA study. **York Region welcomes resident and stakeholder input throughout these studies and is seeking community members to form a stakeholder advisory group.** This group will meet at key milestones to provide feedback.

To submit a comment or question, apply to be a member of a stakeholder advisory group or to be added to the project mailing list, please contact:

**Re: Municipal Class Environmental Assessment Study
Improvements to Warden Avenue and Kennedy Road
Major Mackenzie Drive to Elgin Mills Road
City of Markham
York Region File: T02 83993 (EA)
Burnside Project No.: 052314**

The Regional Municipality of York (the Region) is initiating Schedule 'C' Municipal Class Environmental Assessment (Class EA) Studies in November 2021 for improvements to Warden Avenue and Kennedy Road between Major Mackenzie Drive and Elgin Mills Road, in the City of Markham.

York Region has retained R.J. Burnside & Associates Limited (Burnside) to undertake this Class EA. This letter includes information about the study and details about how you can get involved in the process.

This study is being conducted in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Engineer Association's Class EA document (October 2000, as amended in 2007, 2011 and 2015) which is an approved process under the Ontario *Environmental Assessment Act*.

The Class EA Study will:

- Build on the recommendations from the approved 2016 York Region Transportation Master Plan
- Examine how to complete the identified infrastructure and active transportation improvements and to mitigate environmental impacts
- Collect and assess input and feedback from residents and interested stakeholders

A key component of the study is engagement with Indigenous communities, the public and agencies. Please advise the Project Team of your interest in this study by responding to this letter with any comments and/or concerns regarding the proposed project. Specifically, the Region is seeking the following input:

- Initial comments and feedback related to the study that should be considered as the study progresses
- Contact information of the representative from your community/organization who will participate and the preferred method of communication
- If you would prefer to be removed from the project contact list as your community/organization does not have comments or concerns to provide.

Please be advised that in association with this letter to your community/organization, we have issued similar letters to the following Indigenous communities/organizations:

- Williams Treaties Communities with a copy to the Williams Treaties Coordinator Karry Sandy McKenzie
- Chippewas of Georgina Island First Nation
- Chippewas of Rama First Nation (Mnjikaning)
- Beausoleil First Nation
- Curve Lake First Nation
- Mississaugas of Scugog Island First Nation
- Hiawatha First Nation
- Alderville First Nation
- Mississaugas of the Credit First Nation
- Huron-Wendat Nation

Input and comments received from Indigenous communities/organizations, the public, and agencies will be incorporated into the planning and design process of this project.

Should you wish to submit feedback or receive more information throughout the course of the study, please contact:

Edward Chiu, P.Eng., Senior Project Manager
Phone: 1-877-464-9675 Ext. 75908
Email: edward.chiu@york.ca

We look forward to working with you throughout this study.

Subject: RE: 052314-Chippewas of Mnjikaning - Notice of Study Commencement, MCEA Sch C, Warden Avenue and Kennedy Road

Aaniin Sylvia,

We would be happy to work with you to develop a plan for consultation. To start the process, either yourselves or the Region can submit a Request to Consult at the following link: <https://www.ramafirstnation.ca/rama-research-ethics-and-community-consultation/>. This form must be completed for all new projects/consultations. Please ensure you or the Region are familiar with the protocol and are aware of any fees that may be applicable to you.

The Chippewas of Rama First Nation has implemented this protocol as a means to address capacity concerns related to the overwhelming number of consultation requests received by the First Nation. Further, it is intended to allow the First Nation to engage more fully through *meaningful* and *informed* consultation, which is the constitutional right of First Nations in Canada. We expect that these efforts will assist both you and the First Nation in addressing consultation concerns in a timely and efficient manner. In this case, it seems that this project will likely engage a level 2 consultation. Once all information on the process has been received and reviewed, RFN will review and engage to develop a consultation table to address concerns we might have.

Should you have any concerns with the content of the form, please contact Sharday James, Community Consultation Worker for Rama First Nation at shardayj@ramafirstnation.ca. Otherwise, we look forward to receiving your request to consult and associated documentation and working with you following our review of your request.

All the best,

Samantha Craig-Curnow

**Re: Municipal Class Environmental Assessment Study
Improvements to Warden Avenue and Kennedy Road
Major Mackenzie Drive to Elgin Mills Road
City of Markham
York Region File: T02 83993 (EA)
Burnside Project No.: 052314**

The Regional Municipality of York (the Region) is initiating Schedule 'C' Municipal Class Environmental Assessment (Class EA) Studies in November 2021 for improvements to Warden Avenue and Kennedy Road between Major Mackenzie Drive and Elgin Mills Road, in the City of Markham.

York Region has retained R.J. Burnside & Associates Limited (Burnside) to undertake this Class EA. This letter includes information about the study and details about how you can get involved in the process.

This study is being conducted in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Engineer Association's Class EA document (October 2000, as amended in 2007, 2011 and 2015) which is an approved process under the Ontario *Environmental Assessment Act*.

The Class EA Study will:

- Build on the recommendations from the approved 2016 York Region Transportation Master Plan
- Examine how to complete the identified infrastructure and active transportation improvements and to mitigate environmental impacts
- Collect and assess input and feedback from residents and interested stakeholders

A key component of the study is engagement with Indigenous communities, the public and agencies. Please advise the Project Team of your interest in this study by responding to this letter with any comments and/or concerns regarding the proposed project. Specifically, the Region is seeking the following input:

- Initial comments and feedback related to the study that should be considered as the study progresses
- Contact information of the representative from your community/organization who will participate and the preferred method of communication
- If you would prefer to be removed from the project contact list as your community/organization does not have comments or concerns to provide.

Please be advised that in association with this letter to your community/organization, we have issued similar letters to the following Indigenous communities/organizations:

- Williams Treaties Communities with a copy to the Williams Treaties Coordinator Karry Sandy McKenzie
- Chippewas of Georgina Island First Nation
- Chippewas of Rama First Nation (Mnjikaning)
- Beausoleil First Nation
- Curve Lake First Nation
- Mississaugas of Scugog Island First Nation
- Hiawatha First Nation
- Alderville First Nation
- Mississaugas of the Credit First Nation
- Huron-Wendat Nation

Input and comments received from Indigenous communities/organizations, the public, and agencies will be incorporated into the planning and design process of this project.

Should you wish to submit feedback or receive more information throughout the course of the study, please contact:

Edward Chiu, P.Eng., Senior Project Manager
Phone: 1-877-464-9675 Ext. 75908
Email: edward.chiu@york.ca

We look forward to working with you throughout this study.

Regards,

Edward Chiu, P. Eng.
Senior Project Manager

NOTICE OF STUDY COMMENCEMENT

Municipal Class Environmental Assessment Study

Warden Avenue and Kennedy Road Major Mackenzie Drive to Elgin Mills Road in the City of Markham

The Regional Municipality of York is initiating Schedule 'C' Municipal Class Environmental Assessment (Class EA) Studies for improvements to Warden Avenue and Kennedy Road between Major Mackenzie Drive and Elgin Mills Road in the City of Markham. These studies will build on the recommendations from the approved 2016 York Region Transportation Master Plan.

Through the EA studies, York Region examines how to complete the identified infrastructure and active transportation improvements, and to mitigate any environmental impacts.

Information about open houses will be published in this newspaper and posted on york.ca/WardenKennedyStudy and York Region's Facebook and Twitter channels.

Public consultation is an important part of the EA study. **York Region welcomes resident and stakeholder input throughout these studies and is seeking community members to form a stakeholder advisory group.** This group will meet at key milestones to provide feedback.

To submit a comment or question, apply to be a member of a stakeholder advisory group or to be added to the project mailing list, please contact:

York Region Transportation Services

Your message to dsimpson@alderville.ca couldn't be delivered.

[dsimpson](mailto:dsimpson@alderville.ca) wasn't found at alderville.ca.

Sylvia.Waters Action Required	Office 365	dsimpson Recipient
Unknown To address		

How to Fix It

The address might be misspelled or might not exist. Try one or more of the following:

- **Retype the recipient's address, then resend the message** - If you're using Outlook, open this non-delivery report message and click **Send Again** from the menu or ribbon. In Outlook on the web, select this message, and then click the "**To send this message again, click here.**" link located just above the message preview window. In the To or Cc line, delete and then retype the entire recipient's address (ignore any address suggestions). After typing the complete address, click **Send** to resend the message. If you're using an email program other than Outlook or Outlook on the web, follow its standard way for resending a message. Just be sure to delete and retype the recipient's entire address before resending it.
- **Remove the recipient from the recipient Auto-Complete List, then resend the message** - If you're using Outlook or Outlook on the web, follow the steps in the "Remove the recipient from the recipient Auto-Complete List" section of [this article](#). Then resend the message. Be sure to delete and retype the recipient's entire address before clicking **Send**.
- **Contact the recipient by some other means**, (by phone, for example) to confirm you're using the right address. Ask them

Hello Susan

We spoke on the phone yesterday regarding another project that R.J. Burnside is working on ([REDACTED])
[REDACTED] Following that call I realized that there is another project notice which was sent to Mike Smith that you may not be aware of (see email below).

If you could please acknowledge receipt of this email it would be appreciated. Please follow the link in the email below to review the open house materials and if you have any questions feel free to contact the Project Manager below.

Hello Susan

It would seem our call just now was lost (disconnected somehow), my apologies.

As a follow-up I will note that you confirmed that you had received the Notice of online open house sent regarding Warden Avenue and Kennedy Road from Major Mackenzie Drive to Elgin Mills Road, City of Markham.

Just before the call was dropped you requested whether there was any archaeological assessment. Please note that a Stage 1 Archaeological Assessment is being completed, which will identify if there are areas of archaeological potential. The need for archaeological field work as part of additional Archaeological Assessment is to be determined and will depend on the preliminary preferred solution(s) selected as part of the EA process, as well as the need for earthworks and ground disturbance in the identified areas of archaeological potential. If you could please confirm whether the community would like to be kept informed about the archaeological assessment. Thank you.

Good afternoon Marie-Sophie,

Your quote has been received and approved by York Region. Please find below a link to the Stage 1 AA for Warden Avenue and Kennedy Road EAs in the City of Markham, as requested.

We look forward to receiving your comments.

Ndio' Deanna,

Huron Wendat Nation is indeed interested in participating in the AAs for this project, including sending monitors for the fieldworks as well as commenting reports. Whenever such a request comes up, you are welcome to send the email to my colleague Marie-Sophie (CC'd) whilst keeping me in CC.

Hi Dominic,

A Stage 1 Archaeological Assessment is being completed for the Kennedy Road and Warden Avenue road corridor EA studies. The Stage 1 will identify if there are areas of archaeological potential within the study areas. The need for archaeological field work as part of additional Archaeological Assessment is to be determined and will depend on the preliminary preferred solution(s) selected as part of the EA process, as well as the need for earthworks and ground disturbance in the identified areas of archaeological potential within the study areas.

We appreciate your feedback on any comments or interest that you may have in these EA studies.

We will keep your contact information on the project contact list to receive notices about the EA projects.

Please let me know if you would also like to be kept informed about the archaeological assessment for the studies.

Regards,

Deanna

Hello Mark

Was great speaking with you today.

As per your request please find attached and below the email which was sent to the DOCA email address on February 24, 2022 regarding the Online Open House for MCEA Schedule C for Warden Avenue and Kennedy Road from Major Mackenzie Drive to Elgin Mills Road, City of Markham. Attached for your records please see the earlier email which was sent to Fawn regarding the NOCm, on November 25, 2021.

Following our conversation and per your request, I have cced Abby Laforme, Consultation Coordinator. As noted the community will be commenting on this project and with receipt of this email will review and comment.

Thank you Mark.

NOTICE OF ONLINE OPEN HOUSE

Environmental Assessment Study

Warden Avenue and Kennedy Road Major Mackenzie Drive to Elgin Mills Road

City of Markham

The Regional Municipality of York is conducting Schedule 'C' Municipal Class Environmental Assessment (Class EA) Studies in the City of Markham for improvements to Warden Avenue and Kennedy Road between Major Mackenzie Drive and Elgin Mills Road.

WE WANT TO HEAR FROM YOU

You are invited to take part in an online open house to learn about the study process, road improvement design options and to provide feedback.

When: View materials from **February 24, 2022 to March 24, 2022**

Where: Visit york.ca/WardenKennedyStudy to access the online open house materials

Comments: Share your comments through the online open house or email the Project Manager by March 24, 2022.

Please let us know if you require accommodations to participate in the online open house. Accessible versions of this notice and online open house materials are available upon request.

York Region's number one priority is protecting the health and safety of our communities and staff. As we monitor the ongoing COVID-19 pandemic, we are committed to effective engagement and consultation with the public and stakeholders in accordance with the Environmental Assessment process.

To submit a question, comment or request to be added to the project mailing list, please contact:

YORK REGION TRANSPORTATION SERVICES

Edward Chiu, P.Eng., Senior Project Manager
17250 Yonge Street, Newmarket, Ontario, L3Y 6Z1
Phone: 1-877-464-9675 ext. 75908
TTY: 1-866-512-6228
Email: Edward.Chiu@york.ca

To better assist you, please quote **Warden and Kennedy EAs** in your inquiry.

This study will be carried out according to requirements of the *Ontario Environmental Assessment Act*. Personal information submitted (e.g. name, address and phone number) is collected, maintained and disclosed under the authority of the *Ontario Environmental Assessment Act* and the *Municipal Freedom of Information and Protection of Privacy Act* for transparency and consultation purposes. Personal information you submit will become part of the public record that is available to the general public, unless you request that your personal information remain confidential.

This notice was issued on February 24, 2022

Action Required

Sender not allowed

How to Fix It

It appears you aren't in the same organization as the group (or a sub-group) you're sending to or your email address isn't on the group's allowed senders list. Ask the owner of the group to grant you permission to send to it, and then try again. If the group belongs to a different organization than yours, contact the organization's customer service department for assistance. If the group is in your organization and you don't know who the group owner is, you can find it by doing the following in either Outlook on the web or Outlook:

- Open your Sent folder and select the original message.
- If you're using Outlook on the web, select the group name located on the To or CC line. If you're using Outlook, double-click the group name located on the To or CC line.
- In Outlook on the web, from the pop-up dialog box, choose Owner. In Outlook, choose Contact. The owner's name is listed under Owner.

The owner of the group may have intentionally chosen to restrict who can send messages to it, and they may not want to adjust the existing

Good afternoon Dominic,

I am the Project Manager looking after this Warden Avenue and Kennedy Road Class EA Studies, please feel free to contact me directly in the future associated with this project.

A Stage 1 Archaeological Assessment (AA) has been completed for the Kennedy Road and Warden Avenue road corridor EA studies.

A copy of the Stage 1 Archaeological Assessment report was forwarded via email to Marie-Sophie Gendron on April 25, 2022 following York Region's approval of the quote provided by Marie-Sophie to review the Stage 1 AA Report. On July 25, 2022, Marie-Sophie provided comment that the Huron Wendat team did not have any concerns or comments following review of the Stage 1 AA Report. A copy of our previous correspondence is provided attached for your reference.

The Stage 1 assessment identified areas of archaeological potential within the study area and recommends Stage 2 Archaeological Assessment in select areas. We have not initiated any Stage 2 assessment yet and will inform you in advance of any field assessment for these studies.

Also, we have not received an invoice for the review of Stage 1 AA Report yet, please provide me the invoice at your convenience.

If you require additional information, please feel free to reach out to me.

Our working hours may be different. Please don't feel obliged to respond outside of your scheduled working hours.

Edward Chiu, P.Eng. (he/him), Sr. Project Manager, Capital Planning & Delivery, Transportation Operations, Public Works

Good Morning Deanna,

Thank you for sharing the stage 1 Archaeological Assessment for this project. One of DOCA's Field Archaeologist will review and respond with comment within a weeks time.

Please find attached, our template agreements for your review. If you could please fill in the additional required information, highlighted in yellow, and return to us a signed copy so that we may arrange for FLR participation on your project, that would be greatly appreciated.

Once signed agreements are in place, DOCA generally arranges scheduling and other related matters directly with the consultant conducting the fieldwork, unless you prefer otherwise.

If you have any questions or concerns about this process please contact me.

Kind Regards,

Adam LaForme (he/him)
Archaeological Operations Supervisor

Subject: RE: 052314-Mississaugas of the Credit First Nation MCEA Schedule C for Warden Avenue and Kennedy Road from Major Mackenzie Drive to Elgin Mills Road, City of Markham

Good Afternoon,

Thank you for your comments regarding the MCEA Schedule C for Warden Avenue and Kennedy Road. Your comments will become part of the public record for the project.

A Stage 1 Archaeological Assessment has been completed for the project and was submitted to the Ministry by the archaeologist in early November 2022, prior to the expiration of the Ministry's Project Information Form. A copy of the Stage 1 Archaeological Assessment report is available at the link  https://rjburnside-my.sharepoint.com/:b:/p/deanna_deforest/EedYUnxZqoBlkMzQVhcaCfsBfsYwpqkhXibqk2dab3czZw?e=a1Cops (this link expires February 3, 2023) for your review, as requested.

The Stage 1 archaeological assessment determined that the Study Areas for Kennedy Road and Warden Avenue retain potential for archaeological resources in select areas and a Stage 2 assessment is required if these areas are impacted by the project.

Stage 2 archaeological assessment is to be determined depending on the preferred design solution selected as part of the EA process and the need for earthworks and ground disturbance in the identified areas of archaeological potential within the study area, as determined during the detailed design process.

We appreciate your comments and interest in this project. Please provide any information, necessary agreements, or next steps for your participation and engagement in this project.

Regards,
Deanna

Subject: RE: 052314-Mississaugas of the Credit First Nation Notice of online open house for MCEA Schedule C for Warden Avenue and Kennedy Road from Major Mackenzie Drive to Elgin Mills Road, City of Markham

Good Morning,

Thank you for updating MCFN DOCA regarding MCEA Schedule C for Warden Avenue and Kennedy Road from Major Mackenzie Drive to Elgin Mills Road, City of Markham.

MCFN DOCA would like to submit the following comments;

We are the Mississaugas of the Credit First Nation (MCFN), descendants of the Mississaugas of the River Credit. This project is being proposed for development on the treaty lands of the MCFN, more precisely, the Rouge River Valley Tract Claim, submitted in 2015.

In light of this, the MCFN Department of Consultation and Accommodation must be in receipt of all Environmental Assessment reports, and must be engaged for all Archaeological Assessments. This engagement includes in-field participation by having MCFN community members present when any archaeological assessments are being conducted and a review of all reports prior to submission to the ministry for clearance. This engagement is at the cost of the proponent.

Thank you

Abby (LaForme) Lee

Good morning,

Thank you for sharing this Stage 1 archaeological assessment with us at MCFN-DCOA.

The stage 1 report looks good, and we are in agreement with its findings and recommendations for further work.

Best regards,

Adrian Blake, MSc. (he/him)

Field Archaeologist

Good afternoon Adam,

Attached please find fully executed agreements to undertake Stages 1 and 2 archaeology assessments by the Mississaugas of the Credit First Nation.

I am preparing the Purchase Order at the moment and will forward this over to you when available.

At the meantime, would you kindly start reviewing the Stage 1 archaeology assessment report when you have the opportunity so we can continue to move the study forward.

Thank you.

I look forward to working with you and your team over the course of these assessments.

Good morning Adam,

I have confirmation from our Legal team the updated agreement is acceptable.

Would you kindly have the appropriate person(s) sign the agreement and forward to me for signature, thank you.

Also, in order for me to generate a Purchase Order to allow Mississaugas of the Credit First Nation to participate on the review the Stage 1 Archaeology Assessment Report, as well as participate on the Stage 2 field investigations, I would require to provide our Purchasing Office an estimate on the cost.

Would you kindly confirm if 1 day each to review the Stages 1 and 2 Archaeology Assessment

Reports would be sufficient, assuming we don't need Stages 3 and 4? I can use the hours you anticipate to review the reports with your hourly rate to come up with the approximate costs.

Similarly, I can work with our Consultant to determine the anticipated duration for Stage 2 field investigations and your rate to determine the approximate costs for field work as well.

Our working hours may be different. Please don't feel obliged to respond outside of your scheduled working hours.

Good Afternoon Edward,

Apologies for the delayed response. We have recently been approved to circulate the 2023 Agreements.

I have accepted the changes that your legal has suggested. We have made some minor updates to the Review agreement, specifically regarding the change in Ministry's, track changes is on. For the Participation agreement MCFN is moving away from charging separate Meals, Mileage, Overtime and holiday rates in favour of one standard rate. Please find the attached with track changes on. If you have any questions please feel free to contact me.

Kind Regards,

Good morning Adam,

I am following up with you on the review of the agreements with the Mississaugas of the Credit First Nation.

Did you have the opportunity to review this yet, and do you have any comments?

We are planning to finalize the Environmental Study Report including the Stage 1 Archaeology Assessment Report by April, and I want to ensure the agreements are in place for us to generate a Purchase Order to provide funding for your team to review the report, as well as on field works that are recommended from the Stage 1 Archaeology Assessment Report.

Would you kindly provide me an update when you have a chance. Thank you.

Good Morning Deanna,

Thank you for sharing the stage 1 Archaeological Assessment for this project. One of DOCA's Field Archaeologist will review and respond with comment within a weeks time.

Please find attached, our template agreements for your review. If you could please fill in the additional required information, highlighted in yellow, and return to us a signed copy so that we may arrange for FLR participation on your project, that would be greatly appreciated.

Once signed agreements are in place, DOCA generally arranges scheduling and other related matters directly with the consultant conducting the fieldwork, unless you prefer otherwise.

If you have any questions or concerns about this process please contact me.

Kind Regards,

Adam LaForme (he/him)

Subject: RE: 052314-Mississaugas of the Credit First Nation MCEA Schedule C for Warden Avenue and Kennedy Road from Major Mackenzie Drive to Elgin Mills Road, City of Markham

Good Afternoon,

Thank you for your comments regarding the MCEA Schedule C for Warden Avenue and Kennedy Road. Your comments will become part of the public record for the project.

A Stage 1 Archaeological Assessment has been completed for the project and was submitted to the Ministry by the archaeologist in early November 2022, prior to the expiration of the Ministry's Project Information Form. A copy of the Stage 1 Archaeological Assessment report is available at the link https://rjburnside-my.sharepoint.com/:b:/p/deanna_deforest/EedYUnxZqoBlkMzQVhcaCfsBfsYwpqkhXibqk2dab3czZw?e=a1Cops (this link expires February 3, 2023) for your review, as requested.

The Stage 1 archaeological assessment determined that the Study Areas for Kennedy Road and Warden Avenue retain potential for archaeological resources in select areas and a Stage 2 assessment is required if these areas are impacted by the project.

Stage 2 archaeological assessment is to be determined depending on the preferred design solution selected as part of the EA process and the need for earthworks and ground disturbance in the identified areas of archaeological potential within the study area, as determined during the detailed design process.

We appreciate your comments and interest in this project. Please provide any information, necessary agreements, or next steps for your participation and engagement in this project.

Regards,
Deanna

Subject: RE: 052314-Mississaugas of the Credit First Nation Notice of online open house for MCEA Schedule C for Warden Avenue and Kennedy Road from Major Mackenzie Drive to Elgin Mills Road, City of Markham

Good Morning,

Thank you for updating MCFN DOCA regarding MCEA Schedule C for Warden Avenue and Kennedy Road from Major Mackenzie Drive to Elgin Mills Road, City of Markham. MCFN DOCA would like to submit the following comments; We are the Mississaugas of the Credit First Nation (MCFN), descendants of the Mississaugas of the River Credit. This project is being proposed for development on the treaty lands of the MCFN, more precisely, the Rouge River Valley Tract Claim, submitted in 2015.

In light of this, the MCFN Department of Consultation and Accommodation must be in receipt of all Environmental Assessment reports, and must be engaged for all Archaeological Assessments. This engagement includes in-field participation by having MCFN community members present when any archaeological assessments are being conducted and a review of all reports prior to submission to the ministry for clearance. This engagement is at the cost of the proponent.

Thank you

Abby (LaForme) Lee
