

Free TB Medications Available Through Designated Pharmacies

Update to York Region healthcare professionals as of December 4, 2025

York Region Public Health (YRPH) has partnered with a fifth designated pharmacy to dispense free TB medications. Patients may obtain their free TB medication with a prescription at:

- **Pure Health Pharmacy (Mackenzie Richmond Hill Hospital)**
10 Trench Street, Richmond Hill
Phone: 905-883-7500
- **Pure Health Pharmacy (Cortellucci Vaughan Hospital)**
or MacKenzie Drive, W. Vaughan
Phone: 365-922-3200
- **Dales Pharmacy (Markham-Stouffville Hospital)**
377 Church Street, Markham
Phone: 905-471-1234
- **Guardian at Southlake (Southlake Regional Health Centre)**
596 Davis Drive, Newmarket
Phone: 905-830-5988
- ***NEW* Oak Valley Health Outpatient Pharmacy (Markham-Stouffville Hospital)**
381 Church Street, Markham
Phone: 905-472-7624

On prescriptions, please identify the patient's name, address, phone number and expected length of TB treatment. You may also fax the prescription to the designated pharmacy and inform the patient of the location.

Who is eligible for free TB medication?

YRPH is reminding health care providers that patients can obtain free TB medication for individuals who have:

- TB infection
- Active disease caused by the mycobacterium TB organism

Please note, that YRPH does not provide free TB medications for infections caused by atypical mycobacteria.

For more information, please refer patients to our [Taking Medicine to Prevent Tuberculosis](#) information sheet.

Contact Us

For information about our services or to speak to a public health nurse, please contact our Tuberculosis Intake Line at 1-877-464-9675 ext. 76000 or visit york.ca/TB.

Subscribe to York Region Public Health Matters

Public Health Matters is York Region Public Health's e-update to health care professionals. It includes important updates, opportunities to engage with us and resources you can use in your practice. It highlights programs offered by Public Health that are important to you and for your patients.
