Mr. Chris Raynor
Regional Clerk
Regional Municipality of York
17250 Yonge Street
Newmarket, ON L3Y 6Z1

Dear C. Raynor:

RE: Request for Impact Study – Mount Albert Street Lights

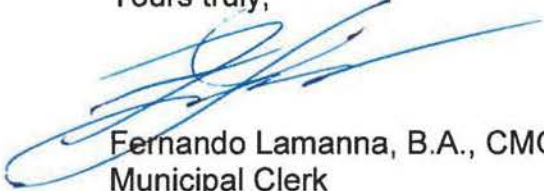

For your information and records, at its regular meeting held on February 6, 2018, the Council of the Town of East Gwillimbury enacted as follows:

BE IT RESOLVED THAT Heritage Advisory Committee memo dated January 16, 2018, entitled Request for Impact Study – Mount Albert Street Lights, be received, and

THAT the resolution be forwarded to the Regional Municipality of York.

If you have, any further questions feel free to contact the undersigned.

Yours truly,

Fernando Lamanna, B.A., CMO, Dipl. M.M.
Municipal Clerk

cc: Gina Casey, Executive Assistant to Mayor & Council

Encls.

Subject: RE: Request for Impact Study – Mount Albert Street Lights

Afternoon Mr. Raynor,

In reference to page 2 of 4 of the attached, the Committee requested the following:

As a Committee, we are respectfully asking Council to request that the Regional Municipality of York perform a Heritage Impact Assessment to determine the impact that the construction and built infrastructure will have on the heritage properties surrounding Mount Albert Road and Centre Street; and that furthermore, the ultimate design of the built infrastructure is sympathetic to the heritage character of the area.

Accordingly, Council supported the request, and on behalf of Council, the Clerks' dept. respectfully submits same to you, for Regional Council's consideration.

Please advise the undersigned should you require additional information regarding this matter.

Kindly,
Sarah

Town of
East Gwillimbury

**Memorandum from the
Town of East Gwillimbury
Heritage Advisory Committee**

To: Committee of the Whole Council

From: Chair – David James

Date: January 9, 2018

Subject: Request for Impact Study – Mount Albert Street Lights

Origin: Heritage Advisory Committee meeting December 19, 2017

The Heritage Advisory Committee is pleased to provide Committee members with the following information:

- *Request to Committee of the Whole Council for an impact study of the Regions proposed street lights in Mount Albert reviewing the impact of Heritage properties within the immediate vicinity.*

Should you require additional information or wish to discuss any aspect of the information provided, please contact *David James, Chair, East Gwillimbury Heritage Committee*. (contact info available through the Clerk's office)

This memorandum has been reviewed James Daniel, Staff Liaison.

David A. James

Chair
Heritage Advisory Committee

Attach(s): Memorandum

MEMORANDUM

To: Committee of the Whole Council
From: Town of East Gwillimbury Heritage Advisory Committee
Date: January 16, 2018
Subject: Impact of proposed traffic lights at Mount Albert Road and Centre Street on adjacent heritage properties

At its December 19, 2017 meeting the East Gwillimbury Heritage Advisory Committee discussed the planned traffic light installation at the intersection of Mount Albert Road and Centre Street, and its potential impact on heritage properties in the area.

Mount Albert is rich with history. As demonstrated in Appendix 1, the yellow blocks highlight the concentration of properties listed on the Town's Register of Cultural Heritage Properties directly in the vicinity of the intersection in question. Some of the properties in area date back to as early as 1850:

1. 5623 Mount Albert Road - John Stoakes Hotel c. 1850
2. 5631 Mount Albert Road - c. 1860
3. 5590 Mount Albert Road - Birchard Family Burying Grounds
4. 19014 Centre Street - c. 1875

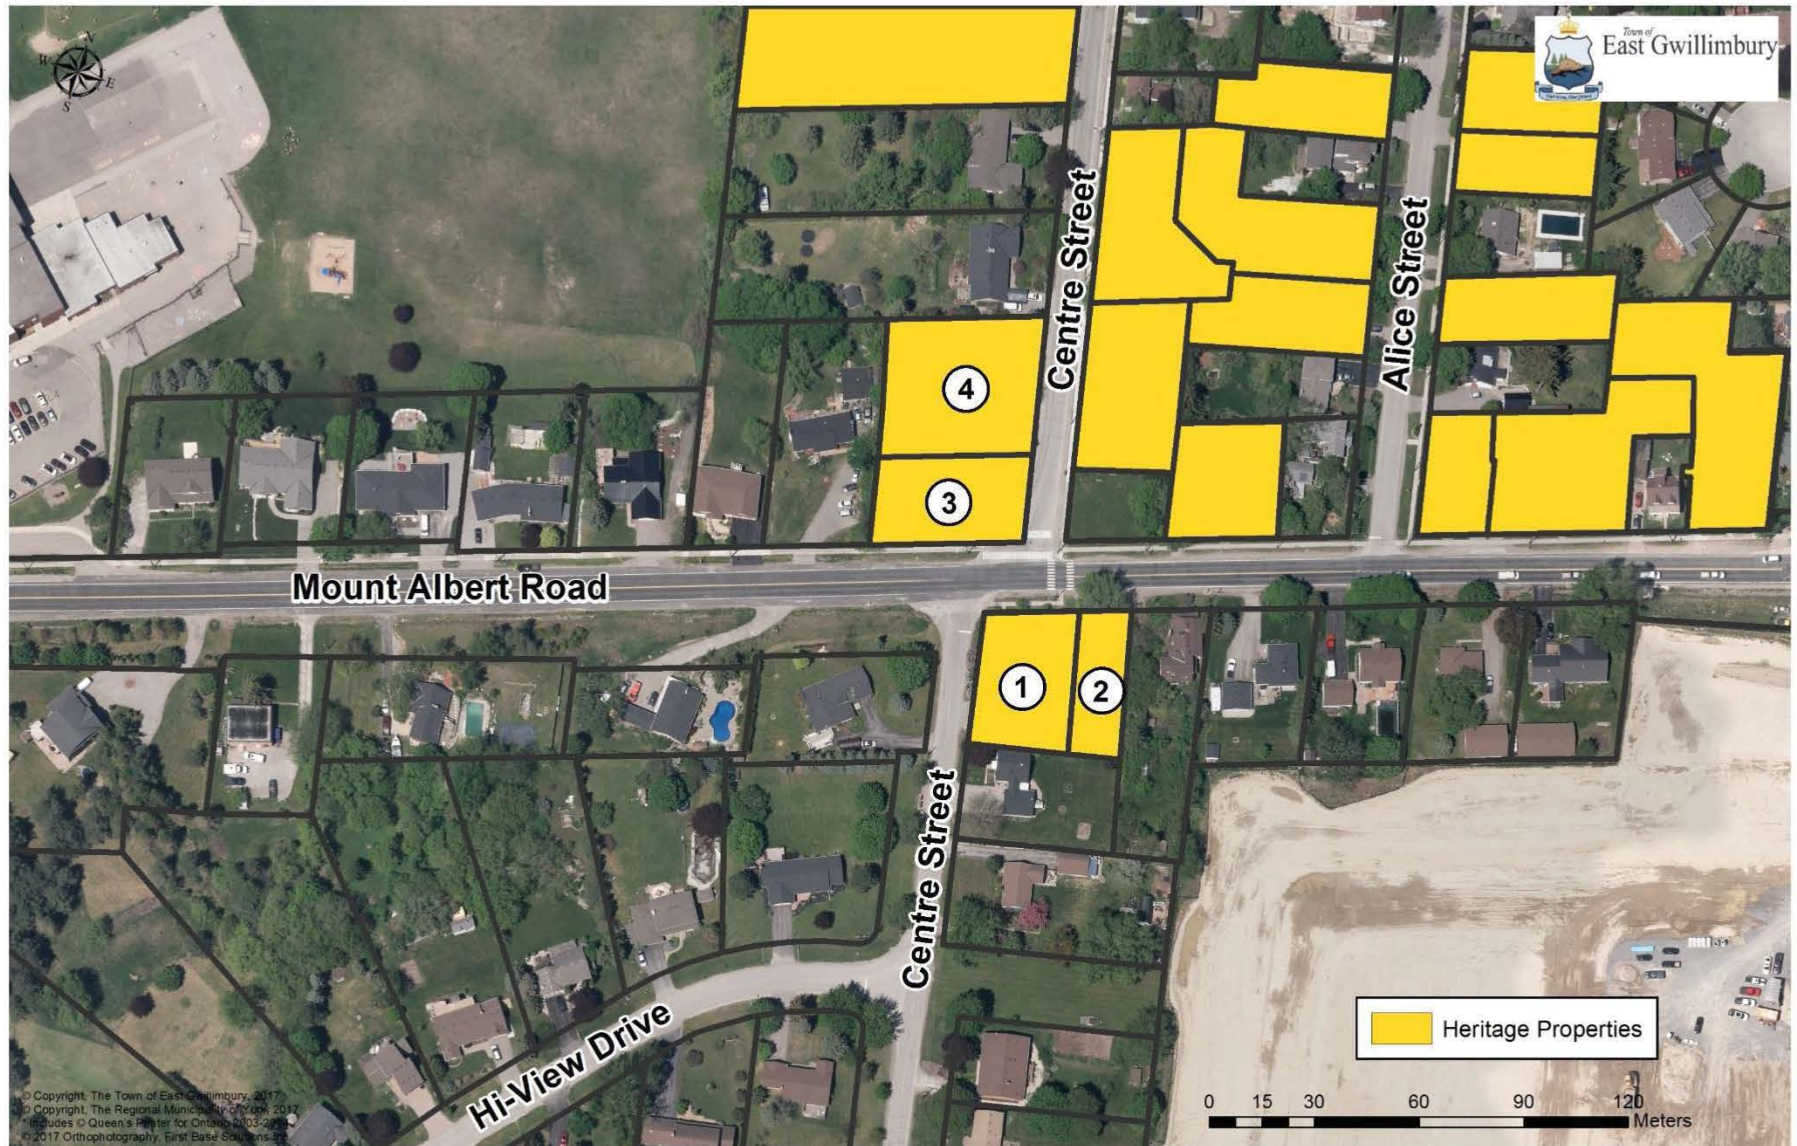

Ultimately, as a Committee, we are concerned with the visual impact of the built infrastructure in the vicinity of these properties and the public works that goes along with traffic light installation.

As a Committee, we are respectfully asking Council to request that the Regional Municipality of York perform a Heritage Impact Assessment to determine the impact that the construction and built infrastructure will have on the heritage properties surrounding Mount Albert Road and Centre Street; and that furthermore, the ultimate design of the built infrastructure is sympathetic to the heritage character of the area.
