York Region Municipalities

Dear Sir/Madam:

Re: Regional Producer Responsibility By-law

Please be advised that Town Council at its meeting held on January 18, 2017, considered correspondence from the Georgina Environmental Advisory Committee requesting Council support its recommendation that the Region of York consider the enactment of a Regional Producer Responsibility By-law.

Accordingly, Town Council passed the following motion:

“That Town Council endorse the position of the Georgina Environmental Advisory Committee requesting the Region of York consider the enactment of a Regional Producer Responsibility By-law, that this position be circulated to the other lower tier York Regional municipalities for support.”

Thank you in advance for your consideration of this issue.

Sincerely,
FOR THE TOWN OF GEORGINA,

Carolyn Lance
Council Services Coordinator

TOWN OF GEORGINA

26557 Civic Centre Rd., Keswick, Ontario L4P 3G1

September 27, 2016

Kathleen O. Wynne,
Premier of Ontario
Room 281, Main Legislative Building,
Queen's Park,
TORONTO, Ontario
M7A 1A1

Dear Honourable Premier Wynne:

Re: Producer Responsibility

Georgina Town Council considered correspondence from the Association of Municipalities of Ontario at its September 21st Council meeting concerning producer responsibility. Accordingly, Council is in support of a "made in-Ontario" legislative framework for waste reduction and resource recovery that supports full producer responsibility.

The Province called for shifting the financial burden from property taxpayers to producers for end-of-life management of products and packaging and respectfully requests the Province of Ontario to design and implement a new legislative framework for more effective waste diversion in Ontario to protect the environment and strive to minimize impacts to water, soil, and air in our communities.

Thank you in advance for your serious consideration of this issue.

Sincerely,
FOR THE TOWN OF GEORGINA,

Carolyn Lance
Council Services Coordinator
