Subject: FW: Extension of the 15th Sideroad

To York Region Council:

I wish my name to be included among those who have emailed their opposition to this extension.

My contact data is:

Ms. Rosalind Elson
Manitou Drive
King City

My reasons for opposing the extension are at least 2:

- The road would go through environmentally significant wetlands. These are not an endless, replaceable feature. Building through such lands on the "protected" Oak Ridges Moraine has to stop.
- Our well - and Kingscross Estates is on wells, remember - will suffer as the proposed 4-lane road north of us leads to drain off and subsequent contamination of the water table. Look into the option of putting Kingscross Estates onto municipal water and you will see that that would not be an easy or cheap answer to the degraded well water. The cost to York Region - and the Region must pay the bill - of putting the Kingscross residents onto municipal water must be added to the costs of extending the 15th Sideroad. My water is wonderful right now. It comes, untouched, from deep in the Oak Ridges Moraine beneath us. That's priceless to me.

Thank you,

Rosalind Elson
