This information is being collected under the authority of the Health Protection and Promotion Act, R.S.O. 1990, c.H.7 for the purpose of case management and case investigations, client follow up and monitoring, contact tracing, public health administration and the provision of statistical data to the Ministry of Health and Long-Term Care. Information will be retained, used, disclosed and disposed of in accordance with the Personal Health Information Protection Act, 2004, S.O. 2004, c. 3. Any questions regarding this collection may be directed to the Control of Infectious Diseases Program, located at 9060 Jane Street, Vaughan, Ontario L4K0G5, 1-877-464-9675 ext. 73588. **The information contained in this transmission is confidential and intended only for the use of the individual or entity to whom it is addressed. If you have received this transmission in error, please notify us immediately by telephone and return the original transmission to us by mail without making a copy. Thank you for your assistance.**

DISEASES OF PUBLIC HEALTH SIGNIFICANCE (REPORTABLE DISEASES)

Timely reporting of communicable diseases is essential for their control

If you suspect or have confirmation of any of the following diseases of public health significance or their etiologic agents (Ontario Reg. 135/18 and recent amendments to the Health Protection and Promotion Act) please report to the local Medical Officer of Health. **Diseases marked with an asterisk * should be reported immediately to the Medical Officer of Health by telephone (24 hours a day, 7 days a week).**

Diseases of public health significance can be reported:

By fax: 905-898-5213
