

What is a Source Water Protection Permit (Section 59 Notice)?

The Source Water Protection Permit (or Section 59 Notice) is a land use review that confirms the activities proposed as part of a development are in compliance with Source Protection Plan policies. **A Section 59 Notice from the York Region Risk Management Office may be required in order to complete an application to the town/city.**

DO YOU NEED A SECTION 59 NOTICE?

SECTION 59 NOTICE APPLICATION PROCESS (no fee to apply)
