

TOILETING ROUTINE

1 Gather needed supplies.

2 Wash your hands.

3 Put on disposable gloves. Help child to remove disposable training pants and discard soiled disposable training pants.

4 Place child on the toilet or potty chair. If necessary, help child with cleaning.

5 Remove and discard soiled gloves. Wash your hands. Help the child get dressed.

6 Help the child wash their hands. Return child to a supervised area.

7 Put on new pair of disposable gloves. Clean and disinfect toilet ring/insert if visibly soiled. For potty chair, empty contents into the toilet and flush. Clean and disinfect potty chair.

8 Remove and discard gloves. Wash your hands.

9 Store toilet seat insert/potty chair in a sanitary manner.
